Volume XXV, Issue 1

DALWORTH NEWSLETTER

DALLAS – FT. WORTH ASSOCIATION OF DIVISION ORDER ANALYSTS

President's Corner

Loretta Hudson
XTO Energy Inc.

Thanks to all the membership for giving me the honor of being the Dalworth President for 2007. I hope I can live up to your expectations and also to mine. There is so much opportunity for more education on the local level and your Board this year is determined to have good programs, great seminar, field trips and training sessions. You will hear much more about these opportunities in the coming months.

My career in the Oil and Gas Industry started in 1972 in a small family owned company in Dallas, which gave me the opportunity to be involved in every aspect of the industry. My interests and aptitude led me to be interested in the land portion, partially due to a boss at that company. He said if I ever got bored, pull out some of the old abstracts and start reading them. Knowing my love of history, he knew that would be right up my alley. One of my jobs since then was for a company that was heavily into the Austin Chalk in South and South Central Texas. Talk about history; those Stephen F. Austin, Sam Houston, Travis, etc. surveys are there for a reason. Those abstracts are living history. We are so fortunate to be living in Texas with so many natural resources. That is one of the reasons I want to put together some field trips, so that we can get away from our daily lives and learn about "The Great Beyond". O.K., I am getting carried away, but I tend to get a little excited.

I'm looking forward to our year together. Please remember the membership drive and plan to be at the April 10th meeting.

Sincerely,

Loretta Hudson
